Product Information Bulletin 54 (02-23-01)
Brookville Tow Bar
Safety Warnings Procedure

Purpose:

Warnings for safe operation of Brookville Manufactured Tow Bars #12-0951 and 12-0952

Action:

When using Brookville Tow Bars 12-0951 and 12-0952, certain precautions must be observed.

1. This Tow Bar is designed for the drawbar forces generated by a rail locomotive with a maximum weight of 40,000lbs (20 tons).
2. **NEVER USE THIS TOW BAR WHEN TOWING WITH A LOCOMOTIVE GREATER THAN 20 TONS, OR MULTIPLE LOCOMOTIVES WITH COMBINED WEIGHT GREATER THAN 20 TONS, OR RUBBER TIRED EQUIPMENT OF ANY SIZE. SERIOUS INJURY OR DEATH COULD RESULT!!!!**
3. Use only Brookville #1-2555A coupler pin or equivalent for connecting to load and connecting to locomotive.
4. Use safe lifting practices when lifting, transporting, and connecting tow bar.
5. Visually inspect tow bar for signs of damage or wear before each usage. Never use a damaged or worn tow bar!

If further information is desired, please contact Brookville Mining Equipment Corporation at (814) 849-2000.
