

# BROOKVILLE®

## An All-American World Class, Multi-Step Manufacturing Partner

Leverage the vertically integrated, world class manufacturing facility of Brookville Equipment Corporation for your next project. With more than 100 years of experience as an original equipment manufacturer (OEM), BROOKVILLE brings a nimble, flexible, technical, and collaborative approach to contract manufacturing services for your next big project.

BROOKVILLE's focus is heavy industrial fabrication and assembly for niche and lower volume production quantities. BROOKVILLE's contract manufacturing services have supported the products and designs of some of the world's

most renowned corporations in a broad range of industries - from theme parks and entertainment to heavy mining equipment.

### The BROOKVILLE Advantages:

Whether you are looking to onshore or localize your supply chain, consolidate subprocesses, or achieve higher quality standards - BROOKVILLE offers a process-optimized manufacturing facility with dedicated, experienced tradesmen who deliver world class workmanship for a broad range of manufacturing processes - combined together to improve your schedule and efficiency, from fabricated pieces and parts to turnkey and end-to-end solutions.

### Manufacturing Core Competencies Include:

- Machining
- Laser, Plasma, & Oxyfuel Cutting
- Metal Forming
- Fabrication & Welding
- Mechanical & Electrical Assembly
- Painting & Finishing
- Testing, Analysis, & Validation

*BROOKVILLE is AAR M-1003 certified and meets ISO 9001:2015 quality standards through DEKRA.*

## A Multi-Step Manufacturing Partner

AMADA Ensis Series 3150 3kw Fiber Laser

### Machine Shop

- Doosan DNM 5700 & DNM 750L/50
- Mazak SQT - 30M Turning Center
- Mazak Slant Turn Nexus 500M

### Cutting Shop

- AMADA Ensis Series 3150 3kw Fiber Laser
- Messer Cutting Machine - Plasma & Oxyfuel Cutting System

### Metal Forming

- Trumpf Bender - 240 TON CNC Programable Brake Press
- Acu Press - 400 TON Brake Press

### Fabrication & Welding

- AWS D1.1 Certified Welders
- Adira Shear
- Acu Shear
- Hydmech Band Saw

### Mechanical & Electrical Assembly

- Full Service Electrical & Mechanical Shops for Component & System Integration
- Overhead Cranes

### Paint & Finishing

- GFS 100 FT. Downdraft Paint Booth
- Wheelabrator 80 FT. Blast Booth
- Devilbliss 80 FT. Cross Draft Paint Booth

### Quality & Validation

Fully Fabricated & Painted Electrical Cabinets

Painted Parts
